

NF 016 INTIMATE CLEANSER : TEA TREE - 250ml bottle Pack height 16.5 cm

Mild, pH acidic (3.5) hypoallergenic liquid soap helps maintain vaginal acidity, prevent odour and to treat microbial infections and candidiasis. Use as a bubble bath, douche or for shower and shampoo. Do not combine with other soap as it may be too alkaline and cause irritation. Use with Nature Fresh pH balanced lubricants for extra comfort.

Changes to our intimate products are: NO PARABENS, NO SLES/SLS, ALCOHOL, PARFUM or CHEMICAL IRRITANTS.,

However, 90% of our parabens come from dietary sources, such as mangoes, granadillas, green tea, strawberries, etc. Parabens are one of the most abundant organic acids found in nature. Plants stay free of pathogenic infections, thanks to the parabens that they naturally contain - so we are actually full of parabens!
