

NF 043 MEGAMAX 50 - capsules Pack height: 9cm

Herbal energy, brain circulation and libido booster. Contains: L-arginine, tribulus terrestris, gotu Kola, cat's claw, olive Leaf, alfalfa and saw palmetto. For men and women as a hormonal enhancer with protective herbs to help control: DHT, BPH and prostate or breast cancer.

Need to get up and go? Over 90% of chronically depressed people are sexually dysfunctional or totally impotent. Furthermore in South Africa 60% of the men over the age of 40 have serious sexual dysfunctions.

Tribulus Terrestris. Treats declining levels of testosterone at the pituitary level and improves loss of energy, zest for life, mental concentration and libido, and works especially well for men over 50. The hormone testosterone is mandatory for sexual potency and performance. High testosterone levels usually ensure high levels of sexual activity and strong erections. Low testosterone levels affect more than four million males, whose symptoms range from lack of interest to weak erections. Testosterone replacement drugs shut down the hypothalamic-pituitary-testicular axis (HPTA) that controls normal production within the body. Anabolic steroids (HRT) shut down your internal machinery for making testosterone. Tribulus terrestris is a hormonal precursor – to make it!

Also for women? Herbal remedies like MEGAMAX contain saw palmetto that also prevents DHT. MEGAMAX also helps to immediately eliminate prolactin, the hormone that causes breasts to swell and get sore. Prolactin also destroys libido and reduces sex drive. Ironically, women with PCOS have imbalances of oestrogen, prolactin and testosterone.

Women can take MEGAMAX, 1 per day to start building up the testosterone. It works very well for older women. Our BLACK COHOSH tincture will help you restore progesterone. Both progesterone and testosterone are precursors for oestrogen.

ULTIMATE performance
get up and go at any age

FOR BEST RESULTS:

Adult men: take 2 capsules every morning. First consult a doctor if you take medications for diabetes, blood pressure, cardiovascular or other ailments. Can be taken with Nature Fresh Prostate Remedy or Tribulus Terrestris tincture but may increase testosterone levels. Women: take 1 capsule every other day, but not during menstruation.

VIR DIE BESTE RESULTATE:

Volwasse mans: neem 2 kapsulesoggens. Vra eers 'n dokter as jy medikasie vir diabetes, bloeddruk, kardiiovaskulêre of ander kwale neem. Kan geneem word met Nature Fresh Prostate Remedy of Tribulus Terrestris tinktuur maar kan testosteroon vlakke verhoog. Vroue: neem 1 kapsule elke ander dag, maar nie tydens menstruasi nie.
