

**NF 053 DEO-BUSTER SPORT – Skin Doctor - 75ml Tube Height 13cm**

Aluminium-free Deo-buster Sport is a gentle skin friendly cream with nature-based antiseptics, odour absorbers, astringents and skin nutrients. It Bio-friendly deodorant cream for underarm, feet, groin, skinfolds and sensitive areas prone to chaffing or rashes. Zinc Ricinolate (from castor oil seeds) controls odours by trapping the molecules to deactivate them. Colloidal Silver, Zinc and Witch Hazel help to tone and disinfect sweat pores, reducing, deodorizing; but not entirely inhibiting natural, healthy perspiration. Selenium, Allantoin and Vitamin D3 help with skin chaffing, shaving rashes, cuts, blisters, burns and bedsores. (This unique skin product can also be used as a face foundation cream for a matt finish.) Contains no aluminium, perfume or colouring, bed sores and other personal issues people often have, but never talk about. Tests performed conclude that zinc ricinolate, the active ingredient works for over 24 hours – with or without a shower in between. Even the clothes you wear seem to be protected from the characteristic BO. Curious? The oil-based zinc ricinolate latches onto ammonia – the carrier of odours from perspiration, urine, faeces, etc. and traps it. This is why it is produced in a cream base and not a roll-on or spray format. It is not perfumed and is not an “odour – cover up”. Deo Buster also has an antibacterial action, provided by the zinc oxide and colloidal silver.
