

NF 055 FACE FOOD – Deep Nourishment - 75ml Tube Pack height 13cm

Penetrating plant oils for thirsty skin with, herbal extracts and key nutrients like Hyaluronic acid that help to fight wrinkles, age spots and inflammation. We can absorb vitamins, minerals and other beauty aids that are present in creams aids directly via the skin. They help us to boost collagen (fight wrinkles) and protect the skin from sun damage, inflammation and clogged pores. Use Face Food first, before your sunscreen and make up. Apply more during the day and especially last thing at night for deep penetrating nourishment. Feel the difference! Hyaluronic acid acts as a space filler by binding to water and thus keeping the skin wrinkle-free. The collagen in our skin also loses its moisture, and the skin sags and wrinkles. By the age if 50, it is estimated that we can have as little as half the amount of Hyaluronic Acid in our skin as compared to our 20's.

The product is free of mineral oil, animal components, synthetic colours and “parfum”. Deep penetrating plant-based oils include: canola, sunflower, grapeseed and safflower oil mixed with shea butter, lecithin and plant sterols. Essential oils: bergamot, rose geranium and lavender tone the skin, soothe inflammation and smell so good! Herbal extracts: olive leaf, rooibos, liquorice, plantain and calendula with colloidal silver also help tone and protect the skin from infections and inflammation. Nutritional supplements are absorbed directly by the skin: vitamin D, Panthenol.
